

School Board 2017-2018

Jeff Bernardo

Jeffrey E. Bernardo, CFA is President & CEO of Augustine Asset Management, a multi-asset global investment firm that serves high net worth families, pension and profit sharing plans, and charitable endowments. Mr. Bernardo has over 20 years of investment experience, and his responsibilities include managing Augustine's core equity, emerging market equity, and fixed income strategies. His prior experience includes global equities advisor at Trinity Capital; Vice President and senior global equity portfolio manager at J.P. Morgan Asset Management, London; equity research analyst at Donaldson, Lufkin & Jenrette and at Kidder, Peabody & Co; and consultant at McKinsey & Co. Mr. Bernardo graduated with a BS in Economics with honors from the Wharton School, University of Pennsylvania, and an MBA from the Kellogg School of Management, Northwestern University. He is a Chartered Financial Analyst and is past President of the CFA Society of Jacksonville.

Christopher Joyce

I have been a St. Paul's parishioner for ten years. I'm an active member of the DADS Club for three years. My daughters have attended St. Paul's since VPK and are now in 2nd grade and 1st grade. I love the St. Paul's School community and I value the both the high expectations and excellent opportunities the school provides. My interest in serving on the board stems from a desire to insure St. Paul's continues to be a leader in parochial education and directly involved in the ongoing development and improvement of the school.

My college experiences and degrees have revolved around education. I have a BS Degree in Physical Education from Bridgewater State College concentrating in Physical Education grades 5-12. My MED and PhD in Education degrees are from the University of Virginia.

I was a certified Physical Education Teacher in Massachusetts from 1991-1999. In 1999 became an Assistant Professor in the College of Health at UNF. I earned tenure and was promoted to Associate Professor in 2005. I was the Athletic Training Education Program Director from 2000-2006 and was the Clinical Education Coordinator from 2006-2008. As Program Director I was responsible for the initial 5 year re-accreditation as well as 2 significant curriculum revisions and am involved in curriculum development as we transition to a MS degree in Athletic Training.

I believe you will find that my desire to become a member of the board and education and experience make me a strong candidate for the school board.

Brooke Anderson

Please consider voting for me to serve as one of your representatives on the St. Paul's school board. My family (Tim-husband, Bennett-3rd grader, Stewart-Kindergartener and Mizzie-VPK'er), and I are fond of and committed to the St. Paul's parish, school and community. Following are a few of my qualifications, which I believe make me well-suited for this position:

I have 15 years' experience advising Senior Executives of Aerospace & Defense, Energy and Automotive companies on their growth strategies and cost cutting efforts as a management consultant for Booz Allen Hamilton / Booz & Company. In this capacity, I had the benefit of recruiting and working alongside

STEM graduates from top-tier graduate programs, furthering my appreciation for the power of a quality education.

I have enjoyed many opportunities to engage in the St. Paul's educational process as a volunteer through teaching Art History to Kindergarteners, serving as Home Room Mom for several grades and by helping students with sight word and reading assessments.

As both a working career parent and more recently a stay-at-home Mom, I appreciate the challenges that come with both roles, and I have led efforts to help establish informal networks by hosting regular social events and forums to bridge communication amongst parents. I have a BS and MBA from Texas Tech University. If chosen, I look forward to serving St. Paul's as a member of the School Board.

Bryan Clancy

As a catholic, resident of Jacksonville Beach, member of Saint Paul's parish and the parent of a Saint Paul's student (Cailey Clancy (3Q)), my interest in the success of our school (and community) is deep-rooted. I've been heavily involved in the Dads' Club and all volunteer events for as long as Cailey has been attending Saint Paul's.

Throughout the past 12 years as Senior Director of Corporate Real Estate for Blue Cross Blue Shield of Florida, Inc., I am accountable for all acquisitions, dispositions, mergers and JV's for approx. 4M square feet of commercial office, retail, hospital, clinic, warehouse and air hangar space. This unique position allows me access to many resources I feel could potentially benefit this school (e.g. technology, furniture, food service, building operations, property management, vending etc.).

I would like to continue the tradition, started in 1949 when Saint Paul's first opened, of keeping it as one of the most modern parochial schools. I would be honored to offer my expertise, knowledge, and relationships (both politically and professionally) to service the school, parish, and larger community by increasing efficiency and enhancing technology. I intend to do this through my dedication and effort to improve the overall environment of the school in the [few, but important] areas in which I see an opportunity for growth. This will enable us to advance the education and resources provided, in order to best educate our Saint Paul's students and provide them with the best possible opportunities, while increasing efficiency for parents. I feel that my experience, access to resources and technology will allow me to enhance our deserving children's educational experience here at Saint Paul's. Go Warriors!!

Christi Bowler Elflein

I am a Jacksonville Beach native and a graduate of both St. Paul's and Bishop Kenny. I have my bachelor's degree from Florida State University and my Masters in City Planning from Georgia Tech. As a City Planner, I've worked for the Town of Vail, CO, the City of Atlanta and a private consulting firm called Glattig Jackson in Orlando. Bill and I were married in 2000 at St. Paul's and after Jack was born in 2004, we moved from Orlando to Virginia Beach, where I became full-time mom and part-time independent planning consultant with my own company, NuVisions. Bill is a Special Agent with the Naval Criminal Investigative Service (NCIS). In 2008, Bill was fortunate enough to be relocated to Mayport and I was thrilled to come home! We immediately enrolled Jack into VPK at St. Paul's and two months later, Phebe was born. Jack is

now in 6th grade and Phebe is in 1st. I continue to be a full-time mom, work part-time as a freelance writer for First Coast Magazine, and consider myself a serial volunteer at St. Paul's. When we first moved back I couldn't wait to start giving back to a community that had given so much to me. I joined the PTA Board as Secretary for 2 years, then as Community Liaison for 2 more years and I am now entering my 6th year as chair of the Oyster Roast Silent Auction. I love St. Paul's and would be honored to continue serving this community as a member of the School Board.

Patrick Snyder

I grew up in Atlantic Beach and attended St Paul's Catholic School in the 80's. I've been a member of St Paul's Catholic Church as long as I can remember. My wife, Robin, and I were married by Father Kelly nearly 20 years ago. I received my first communion and confirmation here as well. I attended Bishop Kenny High School and graduated in 1991. I attended Stetson University and obtained my law degree at Suffolk University Law School in Boston. I have been practicing law in Jacksonville since 2003. I am currently a partner at the law firm Cole, Scott & Kissane, and I practice civil defense/litigation. Most importantly, I have 4 beautiful daughters (ages 6, 8, 11 and 12) who are currently enrolled at St Paul's. Madeleine (6th), Isabelle (5th), Caroline (3rd) and Annalise (K). The continued well-being and success of St. Paul's is very important to me and my family.
