Dear Parents of Future 7th Graders,

Over the summer, it will be a requirement that your 7th grader do IXL assignments. They will may able to use the same log in as they did all year. I am providing it now. Please have your child log in immediately to make sure there aren't any problems. Once summer starts, I won't be able to help.

Your child must complete each of these objectives, achieving an 80%, under the **7th grade library**. He/she will then take a calculator test on those objectives. Upon successful completion of the objectives and test, they will be allowed to use a calculator in class. They are not allowed to use a calculator on the IXL assignments over the summer.
